G.O.Ms.No.2104, Development dated 22-8-1938.
Letter from the Commissioner of Labour, L.Dis.A.2.9584/47, dated 10-1-1948.

O R D E R:

It has been suggested to Government that the present practice of allowing District Harijan Welfare Committees to meet only once in three months is not conducive to the quick transactionof business by these Committees and that they should be allowed to meet at least once a month so that the range and effectiveness of the work now done by them may be appreciably increased. With reference to this suggestion, the Commissioner of Labour has recommended, in consultation with the Secretary of the Provincial Harijan Welfare Committee, that this question may wait till the recommendations of the Provincial Committee regarding the scope and functions of the District Committees are received by Government and orders are passed by them on those recommendations. The Government observe that even at present there is no prohibition to have meetings or the District Committees more frequently than once in three months. The need for more frequent meetings depends mainly on the number of subjects available for discussion by those Committees f and the urgency for their consideration. All Collectors are informed that they may arrange to hold monthly meetings of the District Harijan Welfare Committees, if there is need for them.
